SNAP2IT™ Interchangeable Storage System

The easy way to get stuff from the place where you store it, to the place where you use it.

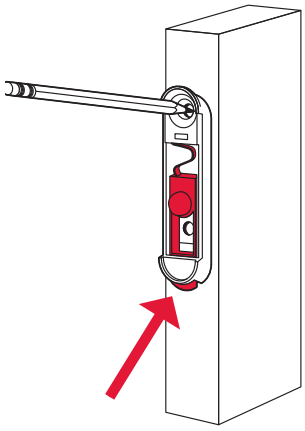
UTILITY HOOK | SUH-2B

INSTRUCTIONS

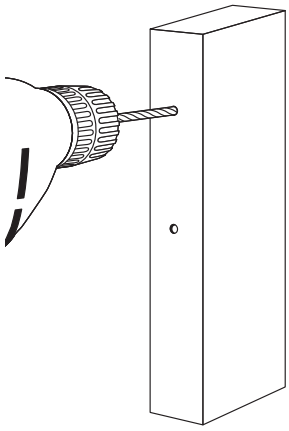
WWW.RACORSTORAGESOLUTIONS.COM

Mounting Instructions *Installing and customizing your storage is a snap!*

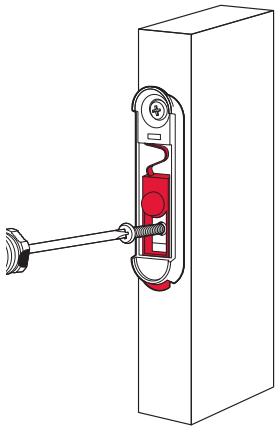
WARNING Please read installation instructions carefully prior to installing. Before using the product thoroughly test the fully-weighted product (with equipment in place) to ensure the product has been installed properly. Do not allow children to play on product. ITW Brands is not responsible for any damage resulting from improper installation, overloading or product failure.



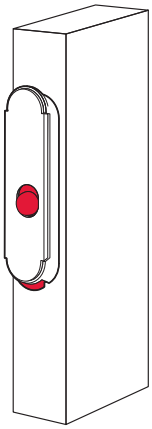
1. Place WallDock on wall with the red tab pointing down. Mark location of mounting holes.



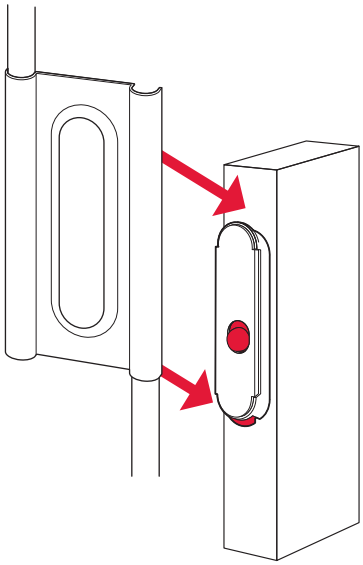
2. Pre-drill 1/8" mounting holes.



3. Secure WallDock to stud with 2 screws provided.



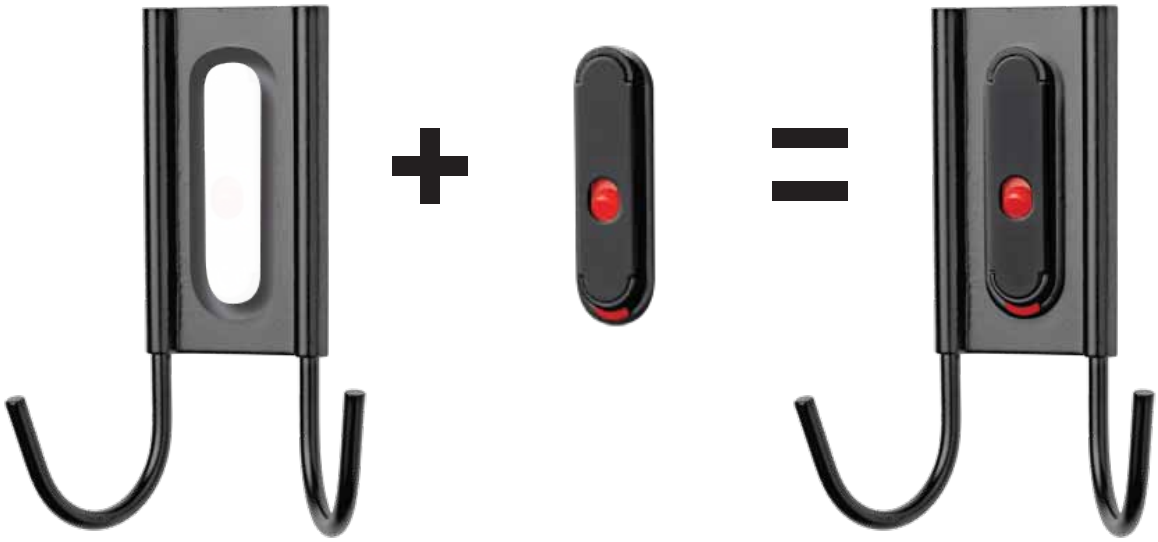
4 Press cover over WallDock until it snaps into place.



5 Slide Utility Hook over WallDock until it snaps into position.

NOTE

When installed properly into a wooden stud, WallDock Hangers and Hooks will hold over 50 lbs. When installing on drywall, locate the stud behind the drywall and drill screws through the drywall and into the stud for best results.



Once the WallDock is securely mounted, just snap the Utility Hook over the WallDock so it snaps behind the red tab. The Utility Hook can be removed by pushing up on the red button. It's easy to take it with you or snap it onto another WallDock to change location.

Limited Warranty: These products are sold "as is" without any express or implied warranties. ITW Brands' sole liability, if any, shall be to replace this product or refund the purchase price. The performance of these products is subject to variable conditions and maximum load ratings are shown for comparison purposes only.
