

DUAL VERTICAL BIKE RACK | BR-2R INSTRUCTIONS

WWW.RACORSTORAGESOLUTIONS.COM

TOOLS REQUIRED

PARTS LIST

x1 Bike rack

x2 Hole caps

x2 2" (5 cm) wood screws

WARNING

Please read installation instructions carefully prior to installing. Before using the product thoroughly test the fully-weighted product (with equipment in place) to ensure the product has been installed properly. Do not allow children to play on product. ITW Brands is not responsible for any damage resulting from improper installation, overloading or product failure.

- 1** Stand your longest bike on its rear tire with both tires against wall. Make a mark at least 12" up from where front tire touches wall to allow rear tire to clear ground.

- 2** Mark holes through rack mounting plate, drill 1/8" pilot holes and install screws into stud. Tighten screws firmly.

A BIKE PLACEMENT

Hook the front bike tire behind the hook and allow the bike to hang vertically.

B USING THE BIKE HOOK

The rack can hold one bike on each side. The middle shelves may be used to hold smaller objects like helmets and shoes.

Limited Warranty: These products are sold "as is" without any express or implied warranties. ITW Brands' sole liability, if any, shall be to replace this product or refund the purchase price. The performance of these products is subject to variable conditions and maximum load ratings are shown for comparison purposes only.
